

LUXARO

Those in love with their childhood remembering the printed traditional walls, need not wait longer.

As Wallyball Series is specially made for those with the touch of advancement of modern era, that never

looks old or rusty but whimsical that every generation would love. It is also made with floweret designer prints in 3D art.

This tiles are specially made for the country look everyone loves and are nostalgic for.

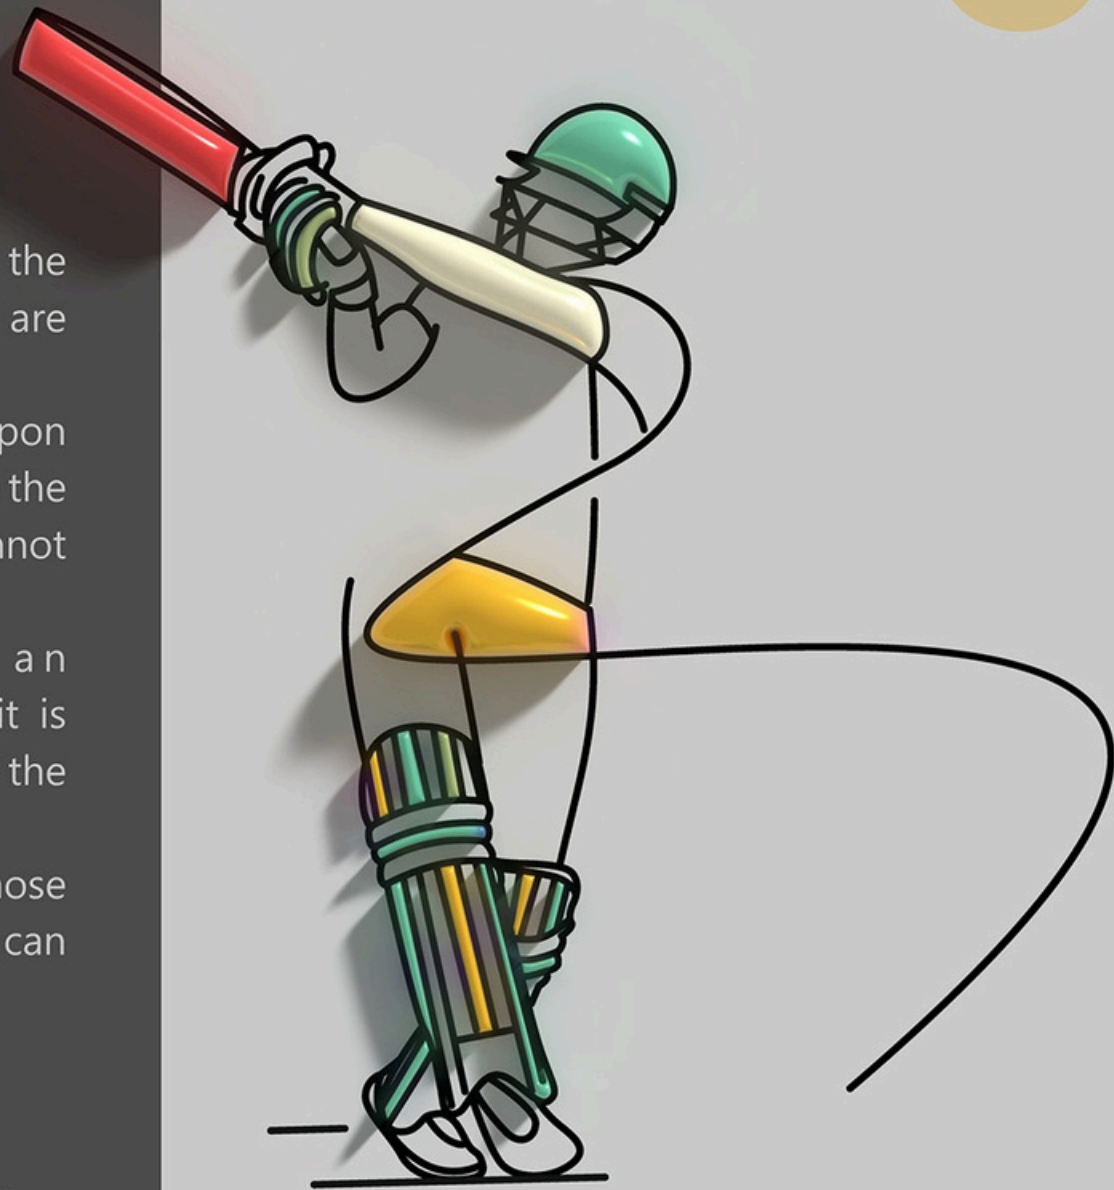

Cricket Series is mainly worked upon with research and advancement to give the exterior look a new charm which cannot leave the catcher's vision.

The 3d make gives it an unimaginable amusing feel. Also as it is meant to enhance the outer, it is given the ability to sustain water as well.

For the places like cafeteria and those all areas giving leisure time, nothing can go along like Cricket.

The love of stripes is never out of time. To keep up the idea alive of stripes and to deliver the sentimental touch to it, we developed this series that matches with every surround be it human or the mood.

To give it a new touch we also developed contrasting match which will not do same pinch to the older looking trend of it.
